

SCARED THE INSURGENTS

Speaker Cannon Defends the Payne Tariff Law

DIDN'T GET ALL HE WANTED

"The Demagogue," said Cannon, "We have always with us, and the only way to move of him is to move on."

Kansas City, Mo., Nov. 27.—Before the Knife and Fork club of this city, Speaker Cannon last night delivered a long speech in which he defended the Payne-Aldrich tariff act, and scored the insurgents who opposed the passage of that law. The speech in the main was devoted to the tariff, and Cannon compared the conditions under the Wilson-Gorman and Dingley laws to those which he thought must be obtained under the Payne-Aldrich law.

Cannon rapped the insurgents in no uncertain terms, declaring that some of them, at least, voted against the Payne bill, but voted to increase the duties on the products of their own particular sections. Cannon declared that there was not one member of the majority including President Taft, Senator Aldrich and himself, who obtained all they wanted.

"The demagogue," said Cannon in closing, "we have always with us and as ours is a government of the people, the only way to dispose of him is to move on. The proof of the pudding is in the eating of it, and I am perfectly willing to trust to the verdict of a prosperous and happy people in the elections of November, 1910, after the new tariff law has been in operation for over a year."

CANNON'S STRENGTH

Congressman Boutwell Says There Is No Doubt About It.

Washington, Nov. 27.—"Speaker Cannon was never stronger before the people than he is today," declared Representative Boutwell of Illinois, after a call at the White House yesterday. "I know two men who have told me," continued Mr. Boutwell, "that they would have been glad if they could have cut off their right arms to pay for having opposed Abraham Lincoln in 1864. I think that there will be many who will feel the same way about their opposition to Mr. Cannon."

Buffalo, N. Y., Nov. 27.—Attorney General O'Malley announced yesterday that he had appointed John R. Coleman of the firm of Finch & Coleman, New York city, to investigate the charges in regard to the existence of a combination to control or advance the price of milk in greater New York.

CLAIMS CHAMPIONSHIP OF VERMONT SCHOOLS

Montpelier Seminary's Goal Line Has Not Been Crossed Over This Year. C. N. Remis of West Topsham Captain.

The Montpelier seminary football team, which closed its 1909 season with a contested game with Troy Conference academy, claims the preparatory school championship of Vermont, having scored 197 points to three by its opponents. The score of its games are as follows: Bethel high school, 17 to 3; Montpelier high school (two games), 17 to 0 and 33 to 0; St. Albans high school, 24 to 0; Burlington high school, 9 to 0. A week ago today, the team played a 0 to 0 game with Troy Conference school of Poultney. Montpelier claims the report that the score of this game was 2 to 0 in favor of T. C. A. is false, since Referee Fisher of Middlebury college and Empire Welch of the university of Vermont declared that no safety had been made.

The line-up of this successful team was as follows: Left end, Williams; left tackle, Burnett; left guard, Smith; center, Cooper; right guard, Morse; right tackle, Marshall; right end, Martin; quarterback, Vance; right halfback, Remis; left halfback, Giddens; fullback, Springer. C. N. Remis, the right halfback, is captain of the team. His home is in West Topsham.

The photograph is from the position "left end over," bringing the left end over on the right end to mass weight.

29 DEAD, 20 DYING

These Are the Figures for the Football Season

THAT HAS JUST ENDED

Friends of Game Alarmed—The Feeling Against It Is Growing, and Experts Are Busy on Changes in the Rules.

Twenty-nine lives were sacrificed on the altar of gridiron glory during the football season that has just closed, twenty men received such severe injuries that many of them will die, and fully 1,000 players suffered minor injuries including broken bones, sprains and wrenched tendons.

This is the deadliest record in the history of the great college game, the largest previous number of deaths having been twenty-three in the late nineties. Last year there were but thirteen

deaths, and there were but fourteen fatalities in 1907.

In view of the fact that the football authorities recently changed the rules in a manner that it was predicted would "debutelize" the game, the list of dead and hurt is difficult of explanation even by the experts. Some assert that the forward pass is responsible for the unusual results, and the lawyers of the gridiron are busy trying to evolve some method of modifying the game in order that it may be saved. Several state legislatures are considering laws to prohibit the game, and the Board of Education of this city has before it a proposition to eliminate the game from the public schools. It has been the claim of the football enthusiasts that only untrained men and weaklings are hurt, but the death of Cadet Byrne of West Point in a game with Harvard, and of Wiberacke, the West Orange high school boy, who was one of the best all-round athletes in the school, have nonplussed the advocates of the strenuous game. Both of those rugged young men had their necks broken.

STANDARD'S APPEAL

Kellogg to Consult with Wickersham About It.

St. Paul, Minn., Nov. 27.—Frank B. Kellogg of St. Paul, who had charge of the government's case in its suit against the Standard Oil company, which was recently decided in favor of the government, left Thursday night for Washington, where, it is understood, he will confer with Attorney General Wickersham in regard to the expected appeal of the Standard Oil to the United States supreme court.

GOMPERS SEEKS NO PARDON

Not Even If Supreme Court Refuses to Act

JUSTICE WRIGHT IS "UNFIT"

He Still Believes—Says That He Will Not Ask the President to Interfere for Him and the Others.

Washington, Nov. 27.—Justice Wright is biased and is unfit to wear the judicial ermine.

In those words Samuel Gompers, president of the American Federation of Labor, referred to Associate Justice Wright of the district supreme court, who sentenced Mr. Gompers, John Mitchell and Frank Morrison, all officers of the American Federation, to various terms of imprisonment for contempt of court in the Bucks Store and Range company case. Mr. Gompers arrived in Washington yesterday.

"If the supreme court of the United States declines to permit the issue to come before it for review or affirms the decision of the lower court, will you ask the president for a pardon?" was asked Mr. Gompers.

"I will not," he replied; "nor will I willingly permit my friends to do so. Had I violated any law and been found guilty and sentenced to prison, I might consider the question of seeking executive clemency."

Mr. Mitchell, Mr. Gompers said, would be in Washington for any contingency. A writ of certiorari is to be applied for on Monday when the supreme court convenes and if this is denied, a writ of habeas corpus will be asked, which, if granted, will insure a hearing before the highest tribunal in the land on the question whether or not the men are being denied any of their constitutional rights.

GUNPLAY KEEPS CROWD BACK

Buffalo Man Runs Wild in the Streets.

Buffalo, N. Y., Nov. 27.—Charles Strohl, an employee of a bakery, walked into the reading-room of the Buffalo public library yesterday, pulled a revolver and shot and killed Ernie Stanz, who boarded with Mrs. E. Droba on Broadway. The murderer rushed out of the building pursued by a number of people and turned into an alley, exchanging shots with his pursuers, one shot striking an officer in the hand, disabling him. By this time fifteen hundred people had gathered. Strohl, taking shield behind a brick wall, occasionally looked over and fired. For fifteen minutes he held the crowd at bay. Finally after the police had fired forty or fifty shots they executed a flank movement. Strohl broke for other cover, but was finally cornered and caught. Three police revolvers covered him. He was found to have two revolvers and over half a box of cartridges. He had reloaded and fired his revolvers several times.

The Carbuncle.

Carbuncles, to which the ancients attributed fantastic properties, were in reality tumors. They served, it was said, to give light to large serpents or dragons whose sight had been enfeebled by age. They bore them constantly between their teeth and laid them down only for eating and drinking. It was even claimed that the carbuncle emitted light in darkness and that the thickest clothing could not stop its rays. Without all the exaggeration of such legends it was believed for a long time that rubies contained luminous rays. The truth is that they have double refraction and send out the red rays with unequal brilliancy. Traversed in a vacuum by an electric current, they are illuminated with a red fire of extreme intensity. The greatest heat does not change their form or their color.

BANKER THEIR GETS TEN YEARS

Judge Who Made Standard Oil Decision Imposes Maximum Sentence.

Madison, Wis., Nov. 27.—Phil Allen, Jr., former vice-president of the First National Bank of Mineral Point, Wis., appeared yesterday before Judge Sanborn in the United States district court, pleaded guilty to four out of twenty-six counts in the indictment against him, and was sentenced to ten years in the federal prison at Fort Leavenworth, Kan., the maximum under the law of any one count.

Allen was charged with embezzling \$108,000 from the Mineral Point bank, which is in his sixty-third year and has been in jail for several weeks unable to give \$50,000 bond. He pleaded not guilty to the indictment, but came into court this morning unexpectedly. With bowed head and in an almost inaudible voice he pleaded guilty and when asked if he had anything to say he replied no.

It is said he will implicate others in the wrecking of the institution, and sensational developments are expected.

Don't Be Bald

Almost Anyone May Secure a Splendid Growth of Hair.

You can easily find out for yourself if your hair needs nourishment. If it is thinning, getting dry, harsh and brittle, or splitting at the ends. You simply have to pull a hair from the top of your head and closely examine its root. If the bulb is plump and rosy, it is all right. If it is white and shriveled, your hair is diseased and needs nourishment.

We have a remedy for hair troubles that cannot be surpassed. It has a record of growing hair and curing baldness in 98 out of 100 cases where used according to directions for a reasonable length of time. It will even grow hair on bald heads, if the scalp is not grazed and shiny. That may seem like a strong statement—it is and we mean it to be, and no one should doubt it until they have put our claims to an actual test.

We are so sure that Rexall "93" Hair Tonic will completely eradicate dandruff, prevent baldness, stimulate the scalp and hair roots, stop falling hair and grow new hair, that we personally give our positive guarantee to refund every penny paid us for Rexall "93" Hair Tonic in every instance where it does not do as we claim, or fails to give entire satisfaction to the user.

Rexall "93" Hair Tonic is as pleasant to use as clear spring water. It is perfumed with a pleasant odor, and does not grease or gum the hair. We have it in two sizes, prices 50 cents and \$1.50. We urge you to try Rexall "93" Hair Tonic on our recommendation and with our guarantee back of it. You certainly take no risk. Remember, you can obtain Rexall remedies in Barre only at our store, the Rexall Store, The Red Cross Pharmacy, Burr H. Wells, proprietor.

OVERCAME THE BURGLAR.

Then Athletic Young Woman Provided Him with Food.

Chicago, Nov. 27.—Miss Leona Byrne, aged 30, on returning from work early Thursday, discovered a burglar trying to force open the door of her home. He was using an iron bar. She approached him quietly and seized him by the throat, forcing him to the ground. A private watchman came to her assistance and then it was discovered that the burglar was a youth.

"I was so hungry, miss," said the boy. "I have no home and no friends, and this is Thanksgiving. I was trying to break in here, but I only wanted something to eat."

The boy's pitiable plight and mournful tale moved Miss Byrne. She persuaded the private watchman to disperse. Then she brought food from the pantry, and James Wilson, 18 years old, amateur burglar, had his Thanksgiving dinner in the early morning on the doorstep of the place he had planned to rob.

"I just couldn't do anything else," said Miss Byrne.

Peary's Feat Greatly Pleases the Former President.

New York, Nov. 27.—A letter from Theodore Roosevelt was received by Secretary Bridgman of the Peary Arctic club yesterday, replying to the cable announcing that Commander Peary had reached the north pole, as follows:—"On Saturday, north of Mount Kenia, Sept. 22, 1909:

"Dear Mr. Bridgman: "Your cable has just been brought me by a native runner, here in my camp by the Guaso Nyiro. I am writing to Mrs. Peary and to Captain Peary. I have no idea where he is. I am inexpressibly rejoiced at his wonderful triumph, and proud beyond measure, as an American, that this one of the great feats of the age—should have been performed by a fellow countryman of ours. It is the great feat of the generation. We are Captain Peary's debtors, all of us who belong to civilized mankind.

Faithfully, "Theodore Roosevelt."
